

**W**hen Paul Roldan, R.Ph opened JNR Pharmacy in the Oakridge Common Center on Rte. 123 in Vista, he had a clear vision: to offer customers that which was missing from pharmacy today.

So, when you go into JNR, you get a lot of “TLC” with every prescription filled, free delivery of prescription medications and just about everything else you might need to get yourself and your family (including pets) on the road to recovery. As a compounding pharmacist, Paul can reformulate medications to help make the medicine go down for those who can’t swallow pills or capsules or for kids who won’t take a bad tasting medication. If you have troublesome menopausal symptoms, JNR can, per your doctor’s prescription, prepare customized bio-identical hormone replacement formulations to help transform you from moody to miraculous!

Healthy as a lark? Just stop in to JNR for glorious gifts for all ages, a wide selection of stationery and cards, Vera Bradley bags, cosmetics, lotions and potions, 5-day DVD rentals, photo development and more. Need to lose a few pounds? Go online to [www.jnrpharmacy.com](http://www.jnrpharmacy.com) or visit JNR for information on the safe and effective Take Shape for Life™/Medifast™ weight management program and make one of the thousands of incredible weight loss success stories, yours.

Free delivery for Pound Ridge and South Salem residents. Most insurance coverages accepted.

Hours: Monday—Friday 9AM—8PM; Saturday 9AM—6PM
